DAY 6:

Leave after breakfast and continue to Mahangu Park and arrive at NGEPI CAMP before lunch. This camp is going to be a real African Experience, one of my favourite camps.

Ngepi Camp situated in the unspoiled upper reaches of the Okavanago delta panhandle in the western Caprivi strip, Kavango region, Namibia. With clean Kalahari Desert air, the camp is set on an island under amazing trees with permanent river frontage and surrounded by seasonally flooded swamps. It is a paradise of flooded plains and secret swampy backwaters, teeming with wildlife, as we are nestled between Mahangu National Park, a few kilometres to the south and Bwabwata National Park.

Today you choose to do some fishing or a game drive in the Mahangu Park. This camp is so unique and you probably would just like to sit on your own private deck and watch the hippos and other game right out of your bedroom. This is one of the non-luxury camps, but need to be experienced for at least one night.

ACCOMMODATION: NGEPI CAMP

ACTIVITIES: Fishing, game drive, relax, game viewing

DAY 7:

You will leave after an early breakfast and continue toward Rundu to TARANGA SAFARI LODGE.

It has an almost mythical status - the Okavango river remains as one of the greatest water experiences of Africa. Taranga Safari Lodge is one of a very few luxury bush camp lodges in the Rundu-Kavango region. Intimate with only 2 luxury and 6 classic open fronted luxury riverbank tented cottages, situated amongst tall riverine trees, guests are offered ample opportunity to take in the sights and sounds of the African bush with views across the river into the nearby flood plains and during season the lily covered wetlands.

The riverine forest provides a great opportunity to view a rich variety of birdlife including the African Jacana, Giant Kingfisher and on occasion the rare African Fish Eagle. The Okavango river which is home to crocodile and hippo is flowing from east to west past the lodge on its final journey towards the Okavango delta.

There are daily guided river safaris taking you out for an adventure; an early sunrise cruise through the rising early morning river mist or a late afternoon sundowner or fly fishing. You may plan to go on a bushwalk, traditional village tour or choose to celebrate the end of a lazy day by spending memorable time at night around the fire pit stargazing.

Everything at the lodge focuses on relaxation and enjoying the African wilderness at your own pace. The large wooden decks offer a private and idyllic location for those wishing to unwind. You'll find a swimming pool at the main deck to keep everyone cool or allow you to just relax and enjoy the African sun.

Together with mother nature Taranga Safari Lodge offers our visitors some variety outdoor activities including fishing (the Okavango River is teeming with Tiger fish, Threespot Tilapia, Enmbwe to name a few), bird watching (including Fish Eagles, variety of the Kingfisher family and many more), nature walks to enjoy the local fauna and flora, visit the Kavango Living Museum and of course star gazing on clear nights.

DAY 11:

You will leave after an early breakfast for Hermanus and book into the beautiful KENNEDYS BEACH VILLA. From there your guide will take you to Gansbaai where you will spend most of the morning Great White Shark cage diving/whale watching on the open sea.

Upon your return at your Villa, you will be dropped off and spend the rest of the afternoon by yourself enjoying this magnificent facility. Your tour guide will pick you up later the afternoon and take you to the CREATION WINES RESTAURANT in Hermanus for dinner. He will pick you up after dinner and pay for your dinner before he will take you back to KENNEDY'S BEACH VILLA.

Gansbaai is located 160km from Cape Town, you can select between self-driving or having hotel pick up drop off included. Dyer Island is just off the coast and is home to one of the largest seal colonies in Southern Africa. The approximately 60 000 seals provide the main diet of the Great White Shark. The channel that intersects this island is called Shark Alley.

We arrive at the crew house an hour before launch. You will be required to complete the necessary indemnity forms followed by breakfast. This is followed by a safety briefing with the tour guide after which the boat, departs from the harbor to look for the sharks on a 20 minute boat trip to Shark Alley(in Winter) or a 10-15 minute trip to the alternative viewing spot (in Summer) where most of the sharks usually hang out.

The boat is manned by the Skipper and Dive Master, a tour guide, a shark handler and a videographer.

The boat is equipped with sufficient diving equipment to accommodate all our guests on their cage dive and the dive master ensures that everyone is safe and comfortable with the experience. It is also equipped with all the necessary safety gear as well as a life-boat large enough to accommodate all the guests should it become necessary.

Snacks including chips, fruit, bread-rolls and water are available for the duration of the trip. Divers can spend at least 20 minutes in the cage, unless shark sightings are really meager, when time in the cage will be limited to give everyone an opportunity to see the sharks from the cage. The boat can only accommodate 24 people per trip, an advantage in the reduction of waiting time before and after dives. When everyone is satisfied with their viewing and dives, the boat returns to the harbor and crew house for lunch and a viewing of the video taken during the trip. This is also the time to purchase your copy before your departure.

Opulence, elegance and romance completely describes this magnificent 5-star accredited villa situated on the beach at Onrus, Hermanus. Views are spectacular with panoramas of mountain, river and sea enveloping this unique little piece of paradise with its own milkwood forest.

ACCOMMODATION: Kennedy's Beach Villa

Day 12:

The elaborate afro-baroque décor's earthy colours, rich textures and handcrafted fittings are inspired by the diverse cultures of Africa, with the sophistication of the Western World. The views are breathtaking, whether from the exotic dining room, intimate glassed-in lounge, or large open decks high above the forest floor. Tsala is a magical place, encircled by lush forests extending across rolling valleys, towards the distant hills.
